LUXURY ITALIAN ICE CREAM FROM ZAZÀ IN CANARY WHARF

16th September sees the opening of luxury Italian ice-cream store Zazà at the promenade level of Cabot Place.

Zazà is renowned for the supreme quality of its product; the authentic Italian-style ice cream 'gelato' is made from natural ingredients without artificial flavours, preservatives or colours.

The name Zazà was inspired by the famous Neapolitan song "dove sta Zazà?" – "where is Zazà?" Where exactly is Zazà? Zazà is at the heart of sweetness, where ice-cream becomes something special, and where creaminess and artisan processing are the rule.

With over 60 fruit and cream flavours there really is something to suit every taste; from the traditional to the latest flavour trends. Ice-cream is served by the scoop, in indulgent almond biscuit cones or cups. Alternatively why not try Brioche Gelato? Select your favourite ice cream and have it served in a croissant. You can also purchase a tray of ice cream to take home.

Zazà also offers healthy lunch alternatives including milkshakes, smoothies, granola, fruit cups topped with ice-cream and other delicious snacks, all served in practical take-away packages.
